

**Innovation for the Management of
Echinococcosis**

March 27-29, 2014 - Besançon, France

**PROVISIONAL PROGRAM
ImE-2014 SYMPOSIUM
PROGRAMME PREVISIONNEL
COLLOQUE ImE-2014**

Thursday, March 27/Jeudi 27 Mars :

**New tools for patient diagnosis and follow-up
Nouveaux outils pour le diagnostic et le suivi des
patients**

8h-8h30 : Welcome/Accueil

8h30- 9h : Opening ceremony / Ouverture du colloque – interventions des personnalités (Conseil Régional, Université, CHU)

9h-12h30: Imaging Tools for diagnosis and treatment / Outils d'Imagerie pour le diagnostic et le traitement

9h-9h45 (30min-lecture and 15min-discussion): State of the art /Etat des connaissances

Liu Wenya, Urumqi, China: Innovation in echinococcosis imaging: new tools or better use of old ones? / Innovation en imagerie de l'échinococcose: nouveaux outils et/ou meilleur usage des anciens?

9h45-11h15: Oral Communications/Communication orales (7 x 8 min-communication and 7 x 3 min-discussion)

Chairpersons: Yang Yurong (Ningxia, China); Prior John (Lausanne, Suisse)

Session secretary: Delabrousse Eric (Besançon, France)

11h15-11h45: Coffe-Tea Break and visit to Posters / Pause et visite des Posters

11h45-12h30 (30min-lecture and 15min-discussion): Prospective views / Vision

prospective **Seimille Yann, Geneva, Switzerland:** Development of radiolabeled probes and their applications in molecular imaging / Mise au point de sondes radio-marquées et application en imagerie moléculaire.

Chair persons: Qin Yongde (Xinjiang, China)

Session secretary: Blagosklonov Oleg (Besançon, France)

12h30 – 14h: Lunch and visit to Posters / Déjeuner et visite des Posters
Chairpersons for Poster selection at the “Imaging” session: Akhan Okan (Ankara, Turkey); Wang Jing (Xinjiang, China); Bartholomot Brigitte (Besançon, France)

14h-17h30: Biological tools for diagnosis and treatment / Outils biologiques pour le diagnostic et le traitement

14h-14h45 (30min-lecture and 15min-discussion): State of the art /Etat des connaissances **Gottstein Bruno, Bern, Switzerland**: Viable or not viable? That is the question ! / Viable ou non-viable? C’est bien la question !

14h45-15h00: McManus Don, Brisbane, Australia : Key-note / Le point sur: *Echinococcus* sp. genomics : understanding the parasite and improving the treatment of echinococcosis / Génomique des échinocoques: connaissance du parasite et amélioration du traitement des échinococcoses

15h00-16h15 : Oral Communications / Communications Orales (6 x 8 min-communication and 6 x 3 min-discussion)

Chairpersons: Siles-Lucas Mar (Salamanca, Spain) ; Brehm Klaus (Würzburg, Germany)

Session secretary : Millon Laurence (Besançon, France)

16h15-16h45: Coffe-Tea Break and visit to posters / Pause et visite des Posters

16h45 – 17h30 (30min-lecture and 15min-discussion): Prospective views/ Vision prospective **Li Jia, London, UK**: Metabolomics-based targets: helping parasitic disease management? Métabolomique et définition des cibles diagnostiques et thérapeutiques: une aide pour le management des maladies parasitaires?

Chairperson: Lin Renyong (Xinjiang, China)

Session secretary: Vuitton Dominique Angèle (Besançon, France)

17h30-18h: Visit to Posters / visite des Posters

Chairpersons for Poster selection at the “Biological Tools for diagnosis and follow-up”

Session: Szostakowska Beata (Gdańsk, Poland); Soboslay Peter (Tübingen, Germany); Grenouillet Frédéric (Besançon, France)

17h-19h: Public session / Accueil Grand Public

18h30-19h30; Visit to the Besançon Citadel/ Visite de la Citadelle

Friday, March 28 / Vendredi 28 mars :

8h-9h: Meeting of the WHO-*Informal Working Group on Echinococcosis (IWGE)* / Réunion du WHO-IWGE. Coordinator: Kern Peter, Ulm-Berlin, Germany.

Past to future: missions, tasks and organization of the WHO-IWGE for the 2014-2019 period.

Chairperson: Abela-Ridder Bernadette (WHO, Geneva)

New tools for epidemiology and prevention

Nouveaux outils pour l'épidémiologie et la prévention

9h-9h45 (30min-lecture and 15min-discussion): State of the art / Etat des connaissances **Römig Thomas, Stuttgart-Hohenheim, Germany**: New tools for new challenges: echinococcosis epidemiology on the move/ Nouveaux outils pour nouveaux challenges: l'épidémiologie de l'échinococcose en devenir.

9h45- 11h15: Oral Communications / Communications orales (7 x 8 min-communication and 7 x 3 min-discussion)
Chairpersons: Deplazes Peter (Zurich, Switzerland), Zhang WenBao (Xinjiang, China)
Session secretary: Raoul Francis (Besançon, France)

11h15-11h45: Coffe-Tea Break & Visit to Posters / Pause et Visite des posters

11h45-12h30: Oral Communications / Communications orales (4 x 8 min-communication and 4 x 3 min-discussion)
Chairpersons: Cretu Carmen (Bucharest, Romania); Boué Frank (Nancy-Malzéville, France)
Session secretary: Knapp Jenny (Besançon, France)

12h30- 13h15 : Prospective views / Vision prospective
Semenza Jan, European CDC, Stockholm, Sweden: Combining medical and environmental databases: experience of the European CDC / Combinaison des bases de données médicales et environnementales: l'expérience du CDC Européen.
Chairperson: Casulli Adrian (Rome, Italy)
Session secretary: Giraudoux Patrick (Besançon, France)

13h15 – 13h 45: Lunch and Visit to Posters / Déjeuner et Visite des Poster
Chairpersons for Poster selection at the "Epidemiology/Prevention Tools" Session: Van der Giessen Joke (Bilthoven, The Netherlands); Konyaev Sergei (Novosibirsk, Russia); Combes Benoît (Nancy-Malzéville, France)

14h-18h30: Field session: Ornans, Amancey/Levier/Arbois

19h30: Gala Dinner/ Diner de Gala- Grange Grillard, Arbois

Samedi 29 mars :

New tools for treatment

Nouveaux outils pour le traitement

9h-10h10 : Innovative interventions /Interventions innovantes

9h-9h40: State of the art / Etat des connaissances

Brunetti Enrico, Pavia, Italy: Non-surgical non-chemical attempts to treat echinococcosis: does it work? / Traiter l'échinococcose sans chirurgie et/ou sans médicaments: est-ce que ça marche?

9h40- 10h10 : Oral Communications / Communication orales (3 x 8 mn + 3x2 mn de discussion)

ChairPersons: Peng XinYu (Xinjiang, China); da Silva Antonio (Lisbon, Portugal)

Session secretary: Mantion Georges (Besançon, France)

10h10-11h20: Alternatives to benzimidazoles / Alternatives aux benzimidazoles

10h10- 10h50: State of the art: Albendazole and mebendazole: what else? /

Albendazole et Mébendazole: quoi d'autre? (Hemphill Andrew (Bern, Switzerland)

10h50-11h20. Oral Communications / Communication orales (3 x 8 mn + 3x2 min de discussion)

ChairPersons: Müllhaupt Beat (Zurich, Switzerland); Marcinkute Audrone (Vilnius, Lithuania)

Session secretary: Richou Carine (Besançon, France)

11h20-11h45: Coffee-Tea Break and visit to Posters / Pause et visite des Posters

11h45-12h30: Prospective Views / Vision Prospective

Fumoleau Pierre, Dijon, France: Multidisciplinary approach and translational research: can we learn from cancer care management? Approche multidisciplinaire et recherche translationnelle: que pouvons-nous apprendre du management du cancer ?

Chairperson: Candinas Daniel (Bern, Switzerland)

Session secretary: Bresson-Hadni Solange (Besançon, France)

12h30 – 13h50: Lunch and visit to Posters (New tools for treatment Session) / Déjeuner + visite des Posters

Chairpersons for Poster selection at the "New tools for treatment" Session: Grüner Beate (Ulm, Germany); Dupouy-Camet Jean (Paris, France); Koch Stéphane (Besançon, France)

13h50-16h30: Round Table: Where do we go and what do we need for the optimal management of echinococcosis patients; coordinator: Junghanss Thomas, Heidelberg, Germany

13h50- 14h00: Current Management of Cystic Echinococcosis; A survey of specialist practice (Nabarro Laura & Chiodini Peter, London, UK)

14h00-14h15: Centre-based management of cystic echinococcosis in non-endemic countries (Junghanss Thomas, Germany)

14h15-14h30: Reference-centre network for the care management of alveolar echinococcosis: the FrancEchino and EchinoVista experience (Bresson-Hadni Solange, France)

14h30-14h45: Organization of echinococcosis care management in China and input of telemedicine (Wen Hao, China)

14h45-15h00: Networking between hospitals and small health care units for the treatment of echinococcosis in Morocco (Benazzouz Mustapha, Morocco)

15h00-15h15: What follow-up for what echinococcosis patients? Tentative framework
(Gottstein Bruno, Switzerland)

15h15-16h: Discussion

16h-16h20: Kern Peter, Ulm-Berlin, Germany: Conclusion and prospective views: Towards an evidence-based, integrated and cooperative management of echinococcosis patients

16h20-16h30: Prizes and awards/ Prix et recompenses. End of the Symposium /
Cloture du Symposium

16h30-17h15: Farewell Party / Pot de départ
